A DEMOCRACY IN INDUSTRY

IN THE past ten years the number of Bell telephone calls made daily in this country has doubled.

The American people do not double their use of anything unless it returns a dollar's worth of value for each dollar spent.

A telephone in your home costs only a few cents a day. Yet it brings to your service the use of billions of dollars' worth of property and the efforts of hundreds of thousands of skilled workers. Fair pay to the workers and a modest profit on this property is all you pay for. There are no speculative profits in the Bell System, of which the Illinois Bell Telephone Company is a part. Everyone, from the president down, works for salary and pride of achievement.

The Bell System, in the best sense of the word, is a democracy in industry . . . operated in the best interests of the people who use it.

ILLINOIS BELL TELEPHONE COMPANY

Your telephone will "take" you almost anywhere

You are within speaking distance of persons miles away — across cities, states and even in countries beyond an ocean — by telephone! A distant friend, a relative an absent wife or husband; you can visit them almost anywhere by telephone. The charges are so moderate that regular visits, even over great distances, are always worth far more than they cost.

It is our aim to furnish the best possible telephone service at the lowest possible cost
